TRINITY CHURCH

Trinity Church and skyscrapers at night Is a picture which speaks for itself and makes a singular appeal to the human mind, showing at one time the unlimited possibilities of human energy and development, reminding at the same time of the comparative futility and insignificance of the individual being.

THIS SPACE FOR MESSAGE

Dear Mildred:

Dot and I are having a great time here this week. We go over to New York every day to "see the sights". Yesterday we went up the Hudson to West Point.
